Advertising Platform	Recommended Starting Budget
Facebook & Instagram	\$50/month
TikTok	\$50/month
Google Ads	\$100/month
TOTAL RECOMMENDED ADVERTISING BUDGET	\$200/month

How Payment Works

Bayview will:

1. Provide/use its own advertising accounts.
2. Add its own Visa/card as the payment method.
3. Pay Facebook/Instagram, TikTok and Google directly.
4. Maintain ownership of its advertising accounts and payment information.

The service provider will handle the **campaign setup, creative preparation, configuration and ongoing management** as part of the \$300 professional service fee.

The \$200 advertising budget is therefore Bayview's direct marketing expense and is not revenue to the service provider.

5. CRM HOSTING

The CRM hosting/software subscription is also a **separate cost paid directly by Bayview Village**.

CRM Hosting	Cost
CRM software/hosting	\$25/month
User allowance	Up to 5 users

The \$25/month subscription is based on a minimum allowance of **5 CRM users**.

If Bayview requires more than 5 users, the CRM hosting/software provider may charge an additional amount depending on its pricing structure.

Payment

Bayview will use its own Visa/card to pay the CRM hosting/software provider directly.

6. BULK MESSAGING

Bulk messaging will also be treated as a **direct Bayview expense**.

Service	Recommended Budget
Bulk messaging platform/service	\$70/month

Bayview will use its own Visa/card to pay the messaging provider directly.

The actual amount may vary depending on message volume and the provider's pricing.

The service provider will assist with the **configuration and use of the messaging system** as part of the \$300 monthly professional service fee.
